MAKE A DIFFERENCE**

# OUR MISSION

The Shasta Public Libraries provide information, lifelong learning, inspiration and enjoyment to people of all ages through reading and technology. The Shasta Public Libraries is your local multimedia, information, and resource center.

# PURPOSE OF THE VOLUNTEER PROGRAM

The Volunteer Program provides a basis for the community of Shasta County to actively support the Library's mission.

Volunteers enhance and enrich the capabilities of paid staff positions and provide valuable support and assistance. Volunteers, through their efforts, increase the library staff's ability to provide the best possible services for library patrons. They help to maintain the high level of service expected by the library's diverse constituencies.

## APPLICATION

Prospective volunteers can complete a Volunteer Application online, or at any library branch. Applicants under the age of 18 must have parent or guardian consent, and applicants under the age of 12 must have adult supervision within the library.

## INTERVIEW

The Volunteer Coordinator will hold an initial interview with each prospective volunteer to determine whether a match exists between the applicant's skills and the positions available.

## ORIENTATION

Prospective volunteers are provided an orientation session to help them gain familiarity with the library and various policies, as well as to welcome them as part of the team.
